**Media Coverage for March 17<sup>th</sup> Hearing  
Into Steroids in Major League Baseball**

Due to the widespread interest in the Government Reform Committee's March 17<sup>th</sup> hearing on steroids in Major League Baseball, the Committee and the Press Galleries of the U.S. House of Representatives have concluded that members of the press will need to RSVP to the appropriate press gallery in order to reserve a seat at the hearing. Contact information for the galleries is listed below.

**Note that we anticipate more requests for coverage than there are seats in the hearing room. We will do our best to accommodate as many news organizations as possible. The Committee will provide an overflow room for members of the media who cannot get a seat in the hearing room.**

Please provide the names and contact information (including email if possible) for all members of the media seeking to cover the hearing:
